WE EARN OUR
STRIPES

It's not just what we do—it's how we do it.

Smaller, hungrier, with a work-ethic reputation we demonstrate with every task, Tiger Tower's entire world is towers, vessels, drums and trays. We don't outsource - we've honed the specialized skills needed for any type of track/packing installation, tower maintenance or plant turnaround. **After completing 250+ projects in the past four years alone, we give new meaning to words like innovative and responsive. Everyday.**

How can we earn our stripes for you?
